NOTICE

Three new features of the Monthly Catalog are being introduced in this issue and will appear in all subsequent issues. The first is a change in the preliminary page structure of the catalog. Expanded information is provided on the GPO Sales program, detailed instructions for the acquisition of publications, and an explanation of the Depository Library Program accompanied by a listing of the Regional Depository Libraries are provided for the benefit of users.

The second is a change in the formatting of the bibliographic entry. The catalog card format is being replaced by a compressed entry in paragraph form. Full bibliographic information will be provided as in the previous format. Care has been exercised to ensure proper spacing between information elements and not to reduce readability. This modification is being made as one effort to minimize the bulkiness of the catalog and to keep costs down. An updated Sample Entry appears in the preliminary pages to reflect the new entry structure.

The final change being introduced is the printing of headers on the pages of the Title Keyword Index. Access to the index will be improved considerably with the addition of the "telephone" headers. Readers are cautioned that when the quotation mark (") appears as the first element in the left hand column on even-numbered pages, the header will reflect the last entry on the previous page.

Preface

In response to requests by the library community and the Depository Library Council to the Public Printer, the Assistant Public Printer (Superintendent of Documents) in the summer of 1974 directed the Library Division to join the Ohio College Library Center's on-line cataloging network, convert to the MARC format, and catalog according to Anglo-American cataloging rules (AACR).

The *Monthly Catalog* utilizes AACR 2 and Library of Congress main entries. Subjects are derived from *Library of Congress Subject Headings* 9th edition and its supplements. The catalog consists of text and five indexes—author, title, subject, series/report number, and stock number.

The Government Printing Office considers the *Monthly Catalog* to be an evolving publication. Its scope and timeliness will continue to be of prime importance.

LIST OF GOVERNMENT AUTHORS

The alphabetical list in the preliminary pages locates the catalog sequence of documents issued by a specific agency. This list is compiled each month and includes only Government authors of documents received and cataloged during that time span.

INDEXES

Entries in the Monthly Catalog are indexed for access by author, title, subject, and series/report:

Author index: An alphabetical list of personal authors, editors, co-authors, corporate authors, and conferences.

Title index: An alphabetical list of titles, series titles, and sub- or alternate titles.

Subject index: An alphabetical list of subjects derived from Library of Congress Subject Headings.

Series/report index: An alphabetical list of report numbers and series statements.

Stock number index: A numerical list of Superintendent of Documents stock numbers.

Title key word index: An alphabetical list of important words selected from information in the title fields.

A margin index on the back cover locates the six listings. Cumulative indexes are published semi-annually and annually. Titles in all indexes are followed by the text entry number where more detailed information is available.

MONTHLY CATALOG ENTRY NO.—The entry number is assigned after the records are arranged alphanumerically by the Superintendent of Documents classification number. The first two digits establish the year; the last four digits locate the record in the Catalog.

MAIN ENTRY—A main entry may be a personal author, a corporate author, a conference, uniform title, or the document title, as established by Anglo-American cataloging rules.

TITLE PHRASE/STATEMENT OF RESPONSIBILITY—Title phrase and author statement are recorded from the title page, cover, or first page of the publication cataloged. Material in brackets is supplied from other sources.

IMPRINT—The imprint contains place of publication, issuing agency, and date of issue. Includes name of distributor if different from issuing agency.

COLLATION—Collation notes pages, illustrations, and size.

SUBJECT HEADINGS (Arabic numerals)—Headings are selected from Library of Congress subject headings. Some local and NLM subjects will be used. Local subjects will be indicated by a star (☆). NLM subjects will be indicated by an asterisk (*). NAL subjects will be indicated by a dagger (†).

LIBRARY OF CONGRESS CLASS NO.—This is given when it appears in the publication or the OCLC data base.

DEWEY CLASS NO.—Dewey class is recorded if it appears in the Ohio College Library Center data base.

SUPT. OF DOCS. CLASS NO.—This is the number assigned by the GPO Library to identify the document cataloged.

EDITION—The edition is recorded from information in the document.

SERIES STATEMENT—This appears in parentheses and includes the phrase identifying the document as one of a series.

NOTES—Notes include miscellaneous information about the physical makeup of a publication or about the information contained in it.

ITEM NO.—This document was distributed to depository libraries requesting this item number (microfiche) indicates document was distributed in microfiche.

STOCK NO.—This is a Government Printing Office sales stock number. It is used only in ordering from the Superintendent of Documents.

PRICE—GPO sales price.

ADDED ENTRIES (Roman numerals)—When the Government author is not a main entry, it is included with added entires.

OCLC NO.—This is the number assigned by the Ohio College Library Center to identify this record in the data base.

LIBRARY OF CONGRESS CARD NO.—Included for libraries ordering printed cards from the Library of Congress.

GENERAL INFORMATION

The Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402, is authorized by law to sell copies of government publications. The Superintendent of Documents currently sells 21,000 titles, which are only a small portion of the publications that have been issued by the Federal Government. Not every title that is listed in the Monthly Catalog is sold by GPO.

The prices of all U.S. Government publications sold by the Superintendent of Documents are established by the Public Printer in accordance with Title 44 of the United States Code. Prices are subject to change without notice. The prices charged on your order will be those in effect at the time your order is processed, with the exception of prices quoted from the GPO order desk. (A telephone quote number will be provided at that time which guarantees the price for 90 days.) As it is not feasible to manually correct the prices in the publications affected by price changes, the prices charged on your order may differ from those printed in the publications and in the Monthly Catalog.

DISCOUNTS

A 25 percent price discount is allowed for purchases of 100 or more copies of a single publication that are mailed to one address. Bookdealers buying for the purpose of resale will receive the same 25 percent discount, regardless of quantity, if the publications are mailed to their place of business. No discount is allowed when the publications are mailed to a third party unless the order is for 100 or more copies of a single publication. Also no discount is allowed on several periodicals or groups of publications which fall into a special pricing category.

THE GPO PUBLICATIONS REFERENCE FILE

The GPO Sales Publications Reference File (PRF) is a 48x microfiche catalog of publications sold by the Superintendent of Documents. The PRF is issued on a bi-monthly subscription basis and lists all publications and subscription services currently for sale by the Superintendent of Documents. Forthcoming sales items and items that have been exhausted (out-of-print) for up to two years are also included in the PRF.

Each PRF issue consists of approximately 300 microfiche and is sent to subscribers and depository libraries six times a year in January, March, May, July, September, and November. Monthly supplements to the PRF, entitled GPO New Sales Publications, consists of one or two microfiche. Each supplement lists all new publications added to the active sales inventory during the preceding month.

The PRF is arranged in three sequences:

1. By Government Printing Office stock numbers
2. By Superintendent of Documents classification numbers
3. By alphabetical arrangement of subjects, titles, agency series and report numbers, key words and phrases, and individual authors.

The PRF may be purchased as a subscription service, or by single issue.

THE EXHAUSTED GPO PUBLICATIONS REFERENCE FILE

At the beginning of each year, a number of exhausted (out-of-print) titles are removed from the GPO Sales Publications Reference File and merged into a separate index of exhausted titles, called the Exhausted GPO Publications Reference File (EPRF). First created in January of 1980, the EPRF contains references to more than 25,000 U.S. Government documents formerly sold by the Superintendent of Documents.

The EPRF provides a ready reference file of historical bibliographic information that will be helpful in identifying older publications. Beginning with the 1981 edition, each annual EPRF will cumulate all titles exhausted since the basic 1980 edition. Current price and ordering information about the PRF and the EPRF may be obtained from the Superintendent of Documents by calling the order desk at (202) 783-3238.

Copies of exhausted publications listed on the EPRF may be found in regional Federal depository library collections. Copies of certain technical publications no longer sold by the Superintendent of Documents may usually be obtained by writing to:

National Technical Information Service
5285 Port Royal Road
Springfield, VA 22161

SUBJECT BIBLIOGRAPHIES AND INDEX

At present the Superintendent of Documents does not publish a complete hardcopy listing of all titles that are for sale. Most of the available titles appear in the more than 250 subject bibliographies that are prepared by this Office. The subject bibliographies list publications and subscriptions on a single subject, or on a specific field of interest. Each entry is listed by title, GPO stock number, and price. The bibliographies also provide a brief description of some of the publications and subscriptions listed, and ordering information. The Superintendent of Documents has also prepared a Subject Bibliography Index to assist customers in selecting the subject bibliography that most closely relates to their needs. Prices of publications listed in the subject bibliographies are subject to change without notice.

The Subject Bibliography Index and the subject bibliographies are free and may be obtained by writing to:

GOVERNMENT PERIODICALS AND SUBSCRIPTION SERVICES, PRICE LIST 36

Government Periodicals and Subscription Services, Price List 36 is a free catalog available upon request from the Superintendent of Documents. This catalog lists over 500 subscription services that are published by more than 40 Federal agencies and sold by the Superintendent of Documents. Each issue also lists the changes in subscription services that have occurred since the last edition of Price List 36 was published. These revisions include new subscription services, subscriptions that have been discontinued, changes in subscription titles and the latest prices. All changes are listed under "General Information" in the preliminary pages. A subscription order form and ordering information are provided on the last two pages. Retention information (the number of available back issues retained for single copy sale) is included in the text entries of Price List 36 following the single copy price. Price List 36 is revised and issued quarterly (Winter, Spring, Summer and Fall). Prices of all subscription services are subject to change without advance notice. To obtain a copy of Price List 36, write to:

CONSUMER INFORMATION CATALOG

The Consumer Information Center was established in 1970 by presidential order to increase public awareness of consumer information released by Federal agencies. A catalog of consumer publications, published four times a year by the Center, lists booklets from nearly 30 agencies of the Federal Government. More than half of these publications are free upon request.

The Consumer Information Center does not maintain a mailing list for individual copies of the Consumer Information Catalog. However, the center does maintain a bulk mailing list for educators, libraries, consumer and non-profit groups who wish to receive 25 or more copies of the catalog quarterly. A Spanish-language edition of the catalog is also available, by individual copy or by bulk. To obtain a copy of the catalog or an application to be placed on the bulk list, write to:

Consumer Information Center
Pueblo, Colorado 81009

CONSUMERS GUIDE TO FEDERAL PUBLICATIONS

The Consumers Guide to Federal Publications is a free pamphlet published by the Superintendent of Documents. The guide is designed to assist customers in locating the proper source for publications relating to their interests. It gives a general overview of the Document Sales Program and describes the numerous services that the Superintendent of Documents offers. The guide also provides ordering information and lists some other sources where Federal publications are available. The guide may be obtained by writing to:

Superintendent of Documents
U.S. Government Printing Office
Washington, D.C. 20402

STANDING ORDER SERVICE

Certain publications or series of publications that are published annually are now available on a standing order basis. Customers who wish to use this service must maintain a Superintendent of Documents deposit account, or a VISA or MasterCard account. Under the standing order service, customers will be placed on a specific standing order list upon request and will receive publications associated with the list as they become available. GPO mails these publications to customers and charges their accounts. If funds are not available at the time of shipment, the customer is notified that no shipment will be made. Subscription services are not offered on a standing order basis. To receive a publication on standing order, customers must submit GPO Form 3468, "Authorization for Standing Order Service." This form and a list of standing order titles are available free of charge from the Superintendent of Documents. For more information on standing orders, write:

Department 40
Superintendent of Documents
U.S. Government Printing Office

CONGRESSIONAL PUBLICATIONS

The following Congressional materials are available from the Superintendent of Documents on a subscription basis: House and Senate Hearings, Public Bills, Reports on Public Bills, Private Bills, Reports on Private Bills, House and Senate Documents, Private Laws, Public Laws.

In most cases, single copies of these publications are not sold. Items which are not available for sale, may be obtained from the House and Senate Documents Rooms at the U.S. Capitol, Washington, D.C., 20515 (House) and 20510 (Senate) or from the issuing congressional committee. Sales items, including some committee prints, are identified with price and stock number in the individual entries in the Monthly Catalog. Prices on sales items are subject to change without notice. Current price information is available from the Superintendent of Documents.

Federal Depository Library Program

To help fulfill its responsibility to inform the public on the policies and programs of the Federal Government, Congress has established the Depository Library Program. Chapter 19 of title 44 of the U.S. Code is the authority for the establishment and operation of the depository program. Under this program, government publications are made available to designated depository libraries. In order to provide the general public with greater access to government publications, these libraries are located in each state and congressional district. There are currently over 1,350 depository libraries. Of this number, 49 have been designated as regional depositories. The regional libraries assume the responsibility of retaining depository material permanently and of providing interlibrary loan and reference service in their regions. They also assist selective depository libraries with the disposal of unwanted material. Copies of documents no longer available through the GPO Sales Program can usually be found in regional Federal depository library collections. See the following page for a list of regional Federal depository libraries. To obtain a complete list of the depository libraries, write to:

HOW TO ORDER PUBLICATIONS

AVAILABILITY OF PUBLICATIONS

Unless otherwise indicated, publications listed in this catalog are distributed by the issuing office which appears immediately before the publication date in each entry. Publications that are sold by GPO are indicated by a "For sale by the Supt. of Docs." statement in the text entries. The GPO stock number (S/N) and the price of the publication at the time the publication was listed in the Monthly Catalog are included in the entry under the item number. (See the sample entry on page v.) Entries for publications that are sold by the National Technical Information Service include a statement to that effect. Additional information necessary for procuring documents appears above or within the text entries. Do not use the Library of Congress card number in ordering publications.

ORDERING DOCUMENTS FROM THE GOVERNMENT PRINTING OFFICE

A. General Information

1. Publications that are sold by the Superintendent of Documents may be ordered directly from the Office of the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.
2. Customers may submit orders for publications (please use GPO stock numbers and titles) on the order form found in the front of the catalog. Additional order forms are available from the Superintendent of Documents. Clear photocopies of the order form are acceptable. Instructions for ordering publications and information concerning an order or inquiry, are provided on the back of the order form.
3. The order form may be used to order both publications and subscription services. However, for faster service, we request that customers order subscriptions and publications on separate order forms. Orders for individual issues of subscriptions should be forwarded separately from orders for subscription services. A separate order form for subscriptions is printed in the front of the catalog.
4. Minimum amount of remittance is $1.50.

B. Ordering Publications

1. Order publications by GPO stock number whenever possible. The stock number format is 000-000-00000-0. Include the complete title for each publication requested.
2. If a GPO stock number does not appear in a Monthly Catalog text entry, that means that the publication is not sold by the Government Printing Office and cannot be ordered from the Superintendent of Documents.
3. Stock number, current price, and information regarding stock status is available from the order desk in Washington, D.C. (202-783-3238—a non-FTS commercial number.)
4. Congressional documents and reports that are sold by GPO should be ordered by the stock number and title together with the document or report number and the session of Congress, e.g., Y 1.1/7:96-1. (House document—96th Congress, 1st session; No. 1.)
5. Please indicate clearly on your order if you want the previous edition of a particular publication, and not the newer edition. If you want the latest edition of a publication, indicate this also.

C. Ordering Subscription Services

1. Use the latest quarterly edition of Government Periodicals and Subscription Services, Price List 36 or the latest available edition of the GPO Publications Reference File when ordering subscriptions.
2. Always indicate whether the order is for an entire subscription service or for an individual issue.
3. If you are requesting a specific subscription service for the first time, please indicate that it is a new order. If your order is a subscription renewal, return the provided GPO subscription renewal form within 30 days of receipt to avoid a break in service.
4. Order by the complete title of each subscription service and by the Sub List ID when possible (e.g., BGN for Background Notes on Countries of the World) and by stock number. To expedite the processing of your order, include the File Code listed at the end of each subscription entry in Government Periodicals and Subscription Services, Price List 36, e.g., File Code 2M. File codes may be found adjacent to the Sub List ID in the description field of the PRF.
5. Indicate if you desire the service via special postage rates. You may obtain information on postage rates from the order desk (202-783-3238).
6. If you are requesting an individual issue of a subscription service, please provide the complete title, volume number, issue number and date if the issue is a dated (regularly issued) periodical. The Superintendent of Documents retains the latest six issues of most dated periodicals (the latest two issues for most quarterlies) while supplies last.
7. Single copies of some irregularly issued subscriptions are also available for sale. Contact the order desk for availability and price information. Records of individual issues of certain irregular subscription services are also classified on the PRF. Single issues of basic and supplemental subscriptions are not for sale.
8. All subscription services are issued for one year, unless otherwise indicated. On basic and supplemental services, customers will receive all material to date. Customers requesting dated periodicals will recieve the next scheduled issue of the subscription, with the exception of semiannuals and triannuals, in which case the current issue is mailed. customers who order irregular subscription services will receive the next scheduled issue. Most irregular subscription services expire one year after they are entered on the Mail List File. No back material is issued for irregular subscriptions. Back material is furnished for calendar year subscriptions (e.g., Monthly Catalog of U.S. Government Publications, Index Medicus, Code of Federal Regulations, National Library of Medicine Audio Visual Catalog) regardless of when customers submit their orders during the year.

Cancelling a Subscription Service

1. Those subscriptions issued on a regular basis, and a few which are issued irregularly, may be cancelled and a refund made for the unused portion of the subscription. The refund will be prorated based on the number of issues already mailed or scheduled for mailing.
2. There is an $8.00 cancellation charge which will be deducted from the total price of the subscription.
3. If the subscription costs $8.00 or less, no cancellation fee will be assessed and no refunds will be made.

Exceptions:

a) Subscribers who request cancellation of service because the order took longer than six weeks to process, or was processed incorrectly, will receive a full refund regardless of the price of the subscription. No cancellation fee will be charged.

b) Subscribers who request cancellation of service because of a price increase, when the order was processed at the new higher price without their consent, will be refunded the entire amount regardless of the price of the subscription. No cancellation fee will be charged.

4. Customers who request cancellation of service on special six month introductory subscriptions will not be issued refunds or charged a cancellation fee.
5. No refunds will be made or cancellation fees assessed on basic and supplemental subscription services.

D. Processing Time

Publication Orders

Publication orders for domestic customers are shipped non-priority or by United Parcel Service, depending on the zone and weight. Under regular service, domestic publication orders are shipped within five to ten working days of receipt. Publications for international customers are shipped surface mail within five to ten working days of receipt unless the customer specifies and pays for airmail service.

Subscription Orders

Most subscriptions are mailed non-priority unless priority mailing is specified. Allow six weeks processing time plus mailing time for subscription services. Airmail service is available to international customers for most subscription services. However, on basic and supplemental subscription services, only the basic manual and all supplements issued to date are mailed airmail; all subsequent supplemental material is sent surface mail.

E. Ordering via Telephone

1. Customers may place an order by telephone to reduce processing time if the order is to be charged to a VISA, MasterCard, or Superintendent of Documents prepaid deposit account. Customers may call the order desk in Washington, D.C., at (202) 783-3238, between 8:00 a.m. and 4:30 p.m., Eastern time, Monday-Friday, except holidays.
2. Telephone ordering service is also provided by GPO bookstores which carry the more popular publications. (Refer to the list on the back cover for the store in your area.) Customers may order publications by telephone at any GPO bookstore. If the publication requested is available, the order will be processed by the bookstore and the publication will be mailed to the customer. Orders for publications that are not available from the bookstore and orders for subscription services will be forwarded by the bookstore to the GPO Central Office for processing.
3. When ordering by telephone or through the mail, customers should provide an area code and telephone number where they may be reached during the day.

Telex Service

Customers with teletype equipment can also charge orders to a deposit account or credit card account by dialing the GPO TWX #710 822-9413; ANSWER BACK USGPO WSH.

F. How to Remit

Checks

1. All remittances for GPO sales documents should be by check or money order made payable to the Superintendent of Documents. Please do not send currency or coin.
2. With few exceptions, all orders must be accompanied by U.S. dollar remittance.

VISA/MASTERCARD

The Superintendent of Documents is accepting orders to be charged to a valid VISA or MasterCard account.

1. Customers who wish to use one of these services should furnish their credit card number and the date of expiration.
2. Orders for subscriptions and/or for publications may be charged to your credit card account. Your account will be charged when the item is mailed.

Deposit Account

Customers who make frequent purchases from the Superintendent of Documents will find a deposit account a convenient method for ordering publications and subscriptions.

1. A minimum deposit of $50 is required to open a deposit account. Upon receipt of your remittance by this Office, you will be assigned a unique deposit account number against which you may place future orders. A positive balance must be maintained in your account in order to place future deposit account orders. Requests to open a deposit account should be submitted separately and addressed to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Customers should send all deposits to their accounts separately from orders.
2. For prompt and speedy service when ordering both publications and subscriptions to be charged to your prepaid account, please use separate order forms. Forms may be obtained from the Superintendent of Documents by request. Be sure to include a deposit account number when placing deposit account orders.
3. You will receive a monthly statement regarding the status of your deposit account provided there has been activity on the account during the previous month. The statement will indicate all charges made against the account during the month and the remaining balance. An account with a positive balance may be closed upon a customer's written request.
4. We suggest that deposit account customers maintain a balance sufficient to cover three months' purchases to assure prompt processing of their orders and to avoid the necessity of forwarding frequent deposits.

Invoicing

Currently, Federal agencies, state and local agencies, and college bookstores may submit orders unaccompanied by remittance to the Superintendent of Documents. These customers are invoiced for the cost of the products supplied to them. All other customer orders must be prepaid.

1. To facilitate invoice processing, agencies should include a purchase order number on all agency purchasing order forms and have the forms signed by a purchasing official. They should also include a "bill to" address, a "ship to" address and funding data.
2. To avoid duplicate shipments, agencies should not send confirmation copies of their purchase orders. They should clearly indicate if payments are for previously submitted orders and include GPO's invoice number with the payments.

G. Additional Remittance Information for International Customers

1. Customs and international mailing regulations require special handling of all orders that are mailed outside of the United States. The Superintendent of Documents charges an additional 25 percent of the current domestic selling price of a publication or subscription service to cover the special handling charges. We also require that remittance be made in advance of shipment. We request that all correspondence with this Office be in English.
2. International customers should remit by International Postal Money Order, by a draft on a United States or Canadian bank, (in U.S. dollars) or by UNESCO Coupons. We cannot accept drafts from foreign branches of an American bank. Orders received with postage stamps, International Response Coupons, or foreign currency are not acceptable and will be returned unprocessed.
3. To guarantee the price of a publication for purchase at a future date, customers may request a pro forma invoice. This invoice quotes the title of the publication, its price, and special handling charges. It is valid for 90 days from the date of the quote.
4. Unless otherwise specified by the customer, shipments for international orders will be sent surface mail. Airmail rates for publications vary according to the weight of the shipment and its destination. Airmail rates for individual issues of subscription services remain constant through the term of the service. The Superintendent of Documents recommends that international customers request airmail service for dated periodical subscription services. Information on airmail rates may be obtained by telephone (202-783-3238), telex (TWX #710 822-9413 ANSWER BACK USGPO WSH) or by mail.

REMINDER: Prices of publications are subject to change without notice and the prices charged on your order will be those in effect at the time your order is processed, with the exception of those who have requested a pro forma invoice in advance or have obtained a valid price quote.

COMPLAINTS

A. Orders for Publications

1. If you have a problem with a publication order, allow four weeks for mailing and processing time if the order was sent by mail. Allow three weeks if the order was placed by telephone.
2. Please clearly explain the problem and provide a copy of the order, along with proof of payment. Also include a telephone number where you can be reached during business hours.
3. Address all inquires to:

Chief, Service Section
Stop: SSOS
U.S. Government Printing Office
Washington, D.C. 20402

NOTE: We do not accept the return of publications for exchange or credit unless an error was made in processing your order, or if your order was received in faulty condition. If an adjustment is necessary, return your order document or shipping ticket, along with proof of payment (cancelled check—front and back, VISA, MasterCard or Superintendent of Documents Deposit Account number). All claims must be submitted within six months from the date of your order. DO NOT RETURN ANY PUBLICATION UNTIL NOTIFIED TO DO SO.

B. Orders for Subscriptions

1. Allow a minimum of 6 weeks before inquiring about a subscription service.
2. In your letter of inquiry include the title of the subscription, the subscription symbol (List ID), the date of the order, the order number, the subscriber address and proof of payment. Be as specific as possible about the problem (e.g., specify missing issues, quantity, whether a new or renewal order, etc.)
3. Address all inquiries to:

Chief, Subscription Research Section
Stop: SSOM
U.S. Government Printing Office
Washington, D.C. 20402

C. Deposit Accounts

1. Allow 3 weeks before a new deposit account can be activated and before the new account number will be sent to the account holder.
2. If the problem relates to charges made against the account, include a copy of the statement and annotate the charges in question.

3. Address all inquiries to:

Chief, Deposit Account Section
Stop: SAOS
U.S. Government Printing Office
Washington, D.C. 20402

AAI Corporation.
Part-task trainer for the F-106A MA-1 radar/infrared fire control system : design, specification, and operation /, 82-263

Abbe, Elizabeth.
Cobalt : effectiveness of alternative U.S. policies to reduce the costs of a supply disruption /, 82-567

Abbey, O. B.
Thermal performance and water utilization measurement on ultimate heat sinks - cooling ponds and spray ponds /, 82-992

Ables, Jackson H.
Filling and emptying system for Bay Springs Lock, Tennessee-Tombigbee Waterway, Mississippi : hydraulic model investigation /, 82-170

Air Force Human Resources Laboratory. Advanced Systems Division.
Airborne electro-optical sensor simulation system /, 82-277

Data base descriptors for electro-optical sensor simulation /, 82-287

Display and speech devices for simulator instructor/operator station applications /, 82-261

High resolution, high brightness color television projector : analysis, investigations, design, performance of baseline projector /, 82-257

Improvement of skills for solving ill-defined problems /, 82-271

Instructional materials for improved job performance /, 82-290

Part-task trainer for the F-106A MA-1 radar/infrared fire control system : design, specification, and operation /, 82-263

Predicting powered support equipment and associated maintenance manpower requirements /, 82-259

Sensory mechanism modeling /, 82-286

Survey of human operator modeling techniques for measurement applications /, 82-273

Air Force Human Resources Laboratory. Flying Training Division.
Advanced simulator for pilot training (ASPT) : aerial refueling visual simulation-engineering development /, 82-268

Advanced training features, bridging the gap between in-flight and simulator-based models of flight training /, 82-288

Air refueling director lights trainer : analysis and evaluation of training effectiveness /, 82-281

Air-to-air combat skills : contribution of platform motion to initial training /, 82-280

Airborne performance measurement methodology application and validation : F-4 pop-up training evaluation /, 82-293

Area of interest/field-of-view research using ASPT /, 82-269

Boom operator part-task trainer : test and evaluation of the transfer of training /, 82-297

Cost-effectiveness methodology for aircrew training devices : model development and users handbook /, 82-298

Development and application of a task taxonomy for tactical flying /, 82-291

Motion systems role in flight simulators for flying training /, 82-276

Undergraduate pilot training : visual discrimination pretraining for landing task /, 82-284

Air Force Human Resources Laboratory. Manpower and Personnel Division.
Air Force enlisted personnel retention-accession model /, 82-303

Air Force Human Resources Laboratory. Occupation and Manpower Research Division.
Career area rotation model (CAROM) : historical overview of technique and utilization /, 82-289

Design of a national skills market model for Air Force enlisted personnel /, 82-296

Job enrichment : evaluation with implications for Air Force job redesign /, 82-264

Matching job education requirements of a variety of officer specialties with the educational attainments of potential incumbents /, 82-260

Organizational assessment indices of effectiveness /, 82-300

Air Force Human Resources Laboratory. Operations Training Division.
Instructor/operator display evaluation methods /, 82-299

Skills maintenance and reacquisition training research program : tactical air command preliminary evalution /, 82-304

Wide angle, color, holographic infinity optics display / by Jose R. Magarinos, Daniel J. Coleman., 82-305

Air Force Human Resources Laboratory. Personnel Research Division.
Air Force officer qualifying test form N : development and standardization /, 82-278

Analysis aptitude test for selection of airmen for the radio communications analysis specialist course : development and validation /, 82-266

Automated test item banking /, 82-270

Effectiveness of adaptability screening /, 82-275

Jet engine mechanic - AFSC 426X2 : experimental job performance tests /, 82-265

Methodology to assess psychological stress and its impact in the air combat environment /, 82-267

Personnel rating effectiveness as a function of number of rating statements /, 82-294

Pictorial interest inventory development /, 82-274

Pilot selection system development /, 82-272

Prediction of reading grade levels of service applicants from Armed Services Vocational Aptitude Battery (ASVAB) /, 82-285

Report on the 1975 officers' OER opinion survey /, 82-258

Air Force Human Resources Laboratory. Technical Training Division.
Computer-assisted instruction in the context of the advanced instructional system : authoring support software /, 82-295

Computer-assisted, programmed text, and lecture modes of instruction in three medical training courses : comparative evaluation /, 82-301

Development of a low-cost, stand-alone microterminal for support of testing and instruction /, 82-279

Economics of on-the-job training : annotated bibliography and literature review /, 82-256

Field evalution system for Air Force technical training : analysis and modification /, 82-282

Low-cost terminal alternative for learning center managers /, 82-302

Maintenance training simulators at Air Force technical training centers : present and potential use /, 82-283

Measuring student attitudes toward the Air Force traffic safety course /, 82-292

Soil survey of city of Suffolk, Virginia., 82-64

Soils — Wyoming — Fremont County — Maps.
Soil survey of Fremont County, Wyoming, Lander area., 82-49

Solar air conditioning.
Task IV, Development of an insolation handbook and instrument package : an introduction to meteorological measurements and data handling for solar energy applications., 82-313

Task IV, Development of an insolation handbook and instrumentation package, subtask report : validation of the guidelines for portable meteorological instrument packages, (an interim report)., 82-312

Solar buidlings — United States.
Appliance efficiency and the solar building /, 82-328

Solar collectors.
Application of solar ponds to district heating and cooling /, 82-329

Near-term improvements in parabolic troughs : an economic and performance assessment /, 82-326

Optical transparency of inexpensive salt solutions for construction of density-gradient ponds /, 82-322

An organic rankine cycle coupled to a solar pond by direct-contact heat exchange : selection of a working fluid /, 82-325

Solar energy research — United States.
Solar power satellites., 82-1001

Solar heating.
Task IV, Development of an insolation handbook and instrument package : an introduction to meteorological measurements and data handling for solar energy applications., 82-313

Task IV, Development of an insolation handbook and instrumentation package, subtask report : validation of the guidelines for portable meteorological instrument packages, (an interim report)., 82-312

Solar heating — Economic aspects — United States.
Workshop manual on technical, economic and legal considerations for evaluating solar heated buildings for lenders, appraisers, insurers, and tax consultants /, 82-315

Solar heating — United States.
Passive and active solar heating analysis : technical support document for the proposed energy performance standards for new buildings., 82-317

Solar heating — United States — Passive systems.
Passive and active solar heating analysis : technical support document for the proposed energy performance standards for new buildings., 82-317

Solar houses — United States — Valuation.
Workshop manual on technical, economic and legal considerations for evaluating solar heated buildings for lenders, appraisers, insurers, and tax consultants /, 82-315

Solar power plants — Quality control — United States.
A quality assurance and standards plan for solar thermal technologies /, 82-323

Solar power plants — Standards — United States.
A standards application and development plan for solar thermal technologies /, 82-330

Solar power plants — United States — Quality control.
A standards application and development plan for solar thermal technologies /, 82-330

Solar power plants — United States — Standards.
A quality assurance and standards plan for solar thermal technologies /, 82-323

Solar space heating.
Active charge/passive discharge solar heating systems, thermal analysis and performance comparisons /, 82-327

Solution (Chemistry)
Optical transparency of inexpensive salt solutions for construction of density-gradient ponds /, 82-322

Somalia.
Somalia, a country profile /, 82-827

South Manitou Island (Mich.) — Maps.
South Manitou Island, Sleeping Bear Dunes National Lakeshore., 82-636

Soviet Union — Defenses.
The national intelligence estimates A-B team episode concerning Soviet strategic capability and objectives : report of the Senate Select Committee on Intelligence, Subcommittee on Collection, Production, and Quality, United States Senate, together with separate views., 82-1074

Space oblique Mercator projection (Cartography)
Space oblique mercator projection mathematical development /, 82-581

Special prosecutors — United States.
Special prosecutor provisions of Ethics in Government Act of 1978 : hearings before the Subcommittee on Oversight of Government Management of the Committee on Governmental Affairs, United States Senate, Ninety-seventh Congress, first session, May 20 and 22, 1981., 82-1067

Speech processing systems.
Display and speech devices for simulator instructor/operator station applications /, 82-261

Spillways.
Spillway modifications for Chief Joseph Dam, Columbia River, Washington : hydraulic model investigation /, 82-161

Typical Tennessee-Tombigbee canal section spillways, Spillways A and B : hydraulic model investigation /, 82-171

Spin (Aerodynamics)
Rotary balance data for a single-engine trainer design for an angle-of-attack range of 8° to 90°/, 82-726

Spray painting.
An evaluation of engineering control technology for spray painting /, 82-555

Sputtering (Physics)
Improved adherence of sputtered titanium carbide coatings on nickel- and titanium-base alloys /, 82-743

Stability of helicopters.
Lateral rollover protection concepts /, 82-195

Stalling (Aerodynamics)
Rotary balance data for a single-engine trainer design for an angle-of-attack range of 8° to 90°/, 82-726

Steam-boiler inspection — Cost effectiveness.
Some aspects of cost/benefit analysis for in-service inspection of PWR steam generators /, 82-976

Steam-heating — Regulators.
Temperature setback guide for steam radiation/convection system., 82-237

Steam power-plants — Environmental aspects.
Waste and water management for conventional coal combustion assessment report, 1979 /, 82-357

Steam power-plants — United States — Waste disposal.
Economic analysis for the proposed revision of steam-electric utility industry effluent limitations guidelines., 82-355

Steam-turbines — Data processing.
Simplified damage assessment of nuclear power plants subjected to turbine fragments /, 82-958

Steel — Fatigue.
A review of fatigue crack growth of pressure vessel and piping steels in high-temperature, pressurized reactor-grade water /, 82-980

Steel — Fracture — Testing.
Flaw preparations for HSST program vessel fracture mechanics testing : mechanical-cyclic pumping and electron-beam weld-hydrogen-charge cracking schemes /, 82-969

Steel — Statistics — Periodicals.
Preprint from the ... Bureau of Mines Minerals yearbook. Slag-iron and steel., 82-618

Slag-iron and steel, 82-618

Steel, Stainless — Fatigue.
Cold leg integrity evaluation /, 82-973

Stilling basins.
Lake Chicot pumping plant outlet structure, Arkansas : hydraulic model investigation /, 82-173

Spillway modifications for Chief Joseph Dam, Columbia River, Washington : hydraulic model investigation /, 82-161

Typical Tennessee-Tombigbee canal section spillways, Spillways A and B : hydraulic model investigation /, 82-171

Stone industry and trade — United States — Accidents — Statistics — Periodicals.
Injury experience in stone mining., 82-699

Storage batteries.
Rapid charging of lead-acid batteries for electric vehicle propulsion and solar electric storage /, 82-324

Strains and stresses.
Evaluation of sample disturbance on soils using the concept of "reference strain" /, 82-163

Strategic materials — United States — Congresses.
Innovation in the basic materials industries : proceedings of the sixth annual Engineering Foundation Conference on Materials Policy, 1980 : report to the Committee on Science and Technology, U.S. House of Representatives, Ninety-seventy Congress, first session / , 82-1103

Stratosphere.
Stratospheric aerosol modification by supersonic transport operations with climate implications /, 82-755

Stream measurements — Montana — Redwater River.
Measurements of discharge, gain or loss in flow, and chemical quality of the Poplar and Redwater Rivers, northeastern Montana, October 24-25, 1979 /, 82-590

Stream measurements — Poplar River (Sask. and Mont.)
Measurements of discharge, gain or loss in flow, and chemical quality of the Poplar and Redwater Rivers, northeastern Montana, October 24-25, 1979 /, 82-590

Do not order from index; see indicated entry

Stream measurements — United States — Periodicals.
Catalog of information on water data. Index to water-data acquisition., 82-587, 82-588

Street-railroads — Massachusetts — Boston — Brakes — Testing.
Massachusetts Bay Transportation Authority blue line vehicle evaluation : final report /, 82-859

Street-railroads — Massachusetts — Boston — Noise.
Massachusetts Bay Transportation Authority blue line vehicle evaluation : final report /, 82-859

Stress (Psychology)
Methodology to assess psychological stress and its impact in the air combat environment /, 82-267

Structural engineering.
Rational design of tunnel supports : an interactive graphics based analysis of the support requirements of excavations in jointed rock masses /, 82-164

Structural engineering — Computer programs — Abstracts — Periodicals.
Civil & structural engineering, 82-120
A Directory of computer software applications. Civil & structural engineering., 82-120

Structural engineering — Data processing.
Reduction of structural degrees of freedom /, 82-994

Subject headings — Pictures.
Subject headings used in the Library of Congress Prints and Photographs Division /, 82-708

Subject headings — Prints.
Subject headings used in the Library of Congress Prints and Photographs Division /, 82-708

Subsidies — United States.
Air carrier subsidy : hearings before the Subcommittee on Aviation of the Committee on Public Works and Transportation, House of Representatives, Ninety-seventh Congress, first session, on H.R. 3901 ... June 18 and 25, 1981., 82-1099

Sugar laws and legislation.
International sugar agreement, (1977) : between the United States of America and other governments : done at Geneva October 7, 1977., 82-797

Suggestion systems — United States.
The Incentive awards program., 82-761, 82-762

Sulphur — Statistics — Periodicals.
Preprint from the ... Bureau of Mines Minerals yearbook. Sulfur and pyrites., 82-619
Sulfur and pyrites, 82-619

Sumter National Forest (S.C.) — Maps.
Sumter National Forest (Andrew Pickens Ranger District), South Carolina /, 82-21

Supersonic nozzles.
Longitudinal aerodynamic characteristics of a vectored-engine-over-wing configuration at subsonic speeds /, 82-746

Supersonic transport planes — Environmental aspects.
Stratospheric aerosol modification by supersonic transport operations with climate implications /, 82-755

Supplemental security income program — United States.
Action needed to resolve problem of outstanding supplemental security income checks : report to the Congress /, 82-478

Surface preparation.
Surface preparation for coatings., 82-244

Surfaces (Technology)
Improved adherence of sputtered titanium carbide coatings on nickel- and titanium-base alloys /, 82-743

Swain, Frank S.
Nomination of Frank S. Swain, to be chief counsel for advocacy of the Small Business Administration : hearing before the Committee on Small Business, United States Senate, Ninety-seventh Congress, first session, on nomination of Frank S. Swain, to be chief counsel for advocacy of the Small Business Administration, Thursday, July 30, 1981., 82-1111

Synthetic training devices.
Maintenance training simulators at Air Force technical training centers : present and potential use /, 82-283

T

Tacan.
Specification : VOR/VORTAC equipment replacement and facility modernization /, 82-873

Tailings (Metallurgy)
Methods for assessing background levels of radiation and radioactive materials in the environment around uranium mills /, 82-966
Uranium ore residues : potential hazards and disposition : hearings before the Procurement and Military Nuclear Systems Subcommittee of the Committee on Armed Services, House of Representatives, Ninety-seventh Congress, first session, June 24 and 25, 1981., 82-1018

Tama County (Iowa) — Race relations.
Race relations in Tama County : a report /, 82-143
